

Silcoplast AG is an internationally competent manufacturer and supplier of high-quality silicone and plastic parts for various industries. Our customers are world-renowned suppliers with very high demands on quality and function.

To complement our team we are looking for a

Group Leader Tool Maintenance m/f

with experience in the plastics industry. As part of a well-coordinated team, you will be jointly responsible for an optimal production process and make a valuable contribution to the on-time production of our sophisticated plastic parts.

Your tasks:

- You will ensure the timely availability of spare parts as well as repaired or maintained tools and equipment for production.
- Carrying out service and maintenance work on injection molding tools according to defined intervals.
- Manufacture devices, in particular for removal handling and components.
- Maintaining and updating tool master data in quality management, in particular with regard to changes and revisions
- Support in the optimization of production facilities
- Responsibility for efficient personnel planning in the area of tool maintenance
- Implementation of measures resulting from sampling, test evaluations or tool complaints.

Your profile

- Completed vocational training as a toolmaker/polymechanic and professional experience in the field of molds for plastic injection molding.
- Several years of practical experience in a manufacturing company, preferably in a plastics processing company
- High degree of personal responsibility and independence
- Communicative person with a positive attitude to life and work
- You enjoy working independently and as part of a team
- You set priorities and have a resilient personality
- IT skills MS-Office, Mastercam, IQsoft
- Good German, both written and verbal
- Forklift test / category B driving license an advantage

What we offer

- An international, successful company with sustainable future prospects and a friendly working atmosphere
- A technically broad and modern environment with interesting challenges
- Development and training opportunities
- A dynamic working atmosphere
